

# THE EXPERIENCE YOU'VE BEEN WAITING FOR IS HERE!

IDOT has transformed the previous Houbolt Road interchange into a Diverging Diamond Interchange, which supports high traffic volumes more safely and efficiently.

Now, when you take the Houbolt Road Extension, you can expect a delay-free drive between I-80 and CenterPoint Intermodal. This direct route saves drivers time, miles, and money.

**Check out these upgrades for yourself and enjoy the efficiency and reliability that the Houbolt Road Extension was designed to provide!**
